

200 AMP INTEGRATED METER

GENERAC[®]

Transfer Switch with Load Center

RXGUW200A3 - 200 AMP

Integrated Meter Transfer Switch with Load Center

Generac offers a full line of residential Integrated Meter Transfer Switches to meet varying needs and code requirements. The all-in-one transfer switch series conveniently and aesthetically hosts the utility meter, transfer switch and emergency shutoff. The RXGUW200A3 model also features a separate cabinet for field wiring to meet California code requirements, and a fully integrated 42-circuit load center.

Certifications & Ratings

- ETL
- NEMA Type 3R enclosure

Performance Features

- All-in-one location meter socket transfer switch and breaker panel for easier inspection and installation
- Intelligent Load Management
- Meets NEC requirements

Safety & Reliability

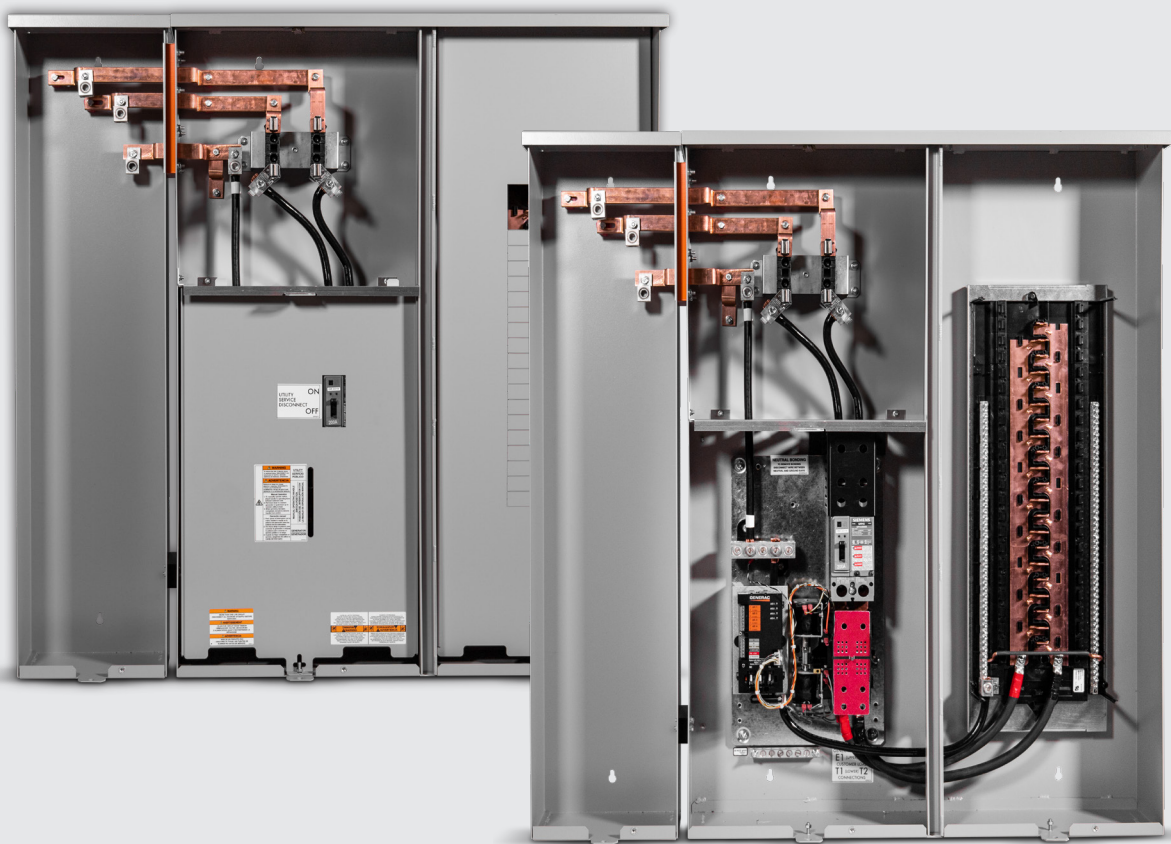

- Withstand and Closing ratings (WCR) 22kAIC with circuit breakers
- Aluminum enclosure provides best in class protection against corrosion
- ETL under UL1008

INTEGRATED METER TRANSFER SWITCH WITH LOAD CENTER

RXGUW200A3 – 200A

- All-in-One Solution, smaller footprint
- Shortens Installation Time
- Meets state specific code requirements for the load center to be outside of the dwelling
- Interconnected in the same enclosure with a side car

AVAILABLE IN OPEN TRANSITION CONTACTOR TYPE

- Generac's contactor is an ETL recognized device
- Integrated Load Management, using the Smart A/C Module (SACM) allows management of up to four individual HVAC Loads with no additional hardware
